Blabla something Bender is great

Caching data with Trickster - <https://github.com/Comcast/trickster>

Query limiting

- Grafana
 - Query timeout 30s
- Thanos
 - `--query.timeout=5s`
 - `--query.max-concurrent=2`

Query limiting

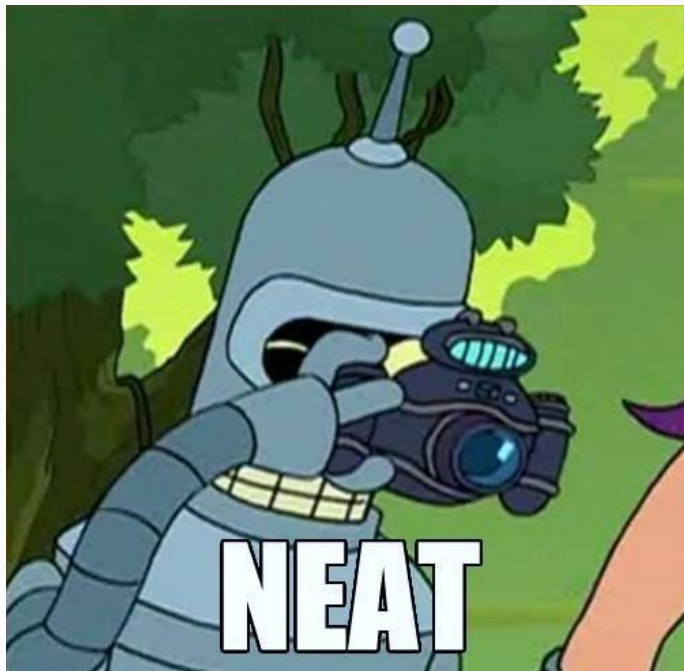

- Prometheus
 - `--query.max-samples=10M`
 - `--storage.remote.read-sample-limit=10M`

Thanks!
